Your team has done a great job. A couple of years back, I subscribed to a magazine of this sort from the States. It has great articles and testimonies, and the layout was professionally and tastefully crafted. Back then, I wished that Trinity would launch our very own magazine, something closer to home that I could identify with. When *Trinitarian* magazine started, I found it good, but there was certainly room for improvement.

Slowly, I began to see continual improvement. **I must admit that the quality has even surpassed my expectations and that of the magazine from the States!** Your articles are very relevant and I find the testimonies awesome, particularly the Real Life Miracles section. It has always ministered to me and reminded me of God's goodness in my life, that God is real and working in our lives. I have since stopped reading the other magazine as the *Trinitarian* magazine has more relevant teachings and it ministers more to me.

Recently, my wife's cousin baby was born with some physical defects. I remembered the issue on "Our Miracle Baby." **I went to our website, downloaded the article and sent it to them.** They are pre-believers and I am praying that they will come to know God. I want to let you know that your magazine has created another platform for us to share Christ with others.

I appreciate all the hard work that you have put into the magazine. I believe that many of us have benefitted from and are blessed by your ministry. Keep up the good work!

As a Trinitarian, I am proud that we have such a quality magazine! It is a good mix of articles, testimonies and news updates. The articles are easy to read and the testimonies are very touching. The sharing by the pastors is very real; it always encourages me.

I am always looking forward to read the *Trinitarian* magazine! **This excellent magazine has a beautiful mix of articles that gives us deeper insight into the Word of God.** The testimonies showcase the display of the power of God's Word in the lives of ordinary men and women. On top of that, we get excerpts from other well-known magazines, thus making the *Trinitarian* well-rounded. The team behind this magazine has done a great job!
