I always look forward to every new issue of the *Trinitarian*. I find the articles interesting, encouraging, inspiring and relevant. I was especially blessed when I read the Real Life Miracle "I AM THE BLESSED MAN!" **It helped me look at challenges and setbacks in life with a whole new perspective.** I realised that every situation in life, whether good or bad, was essential to accomplish what God has intended for me – just like how a jigsaw puzzle would form a beautiful picture when the little pieces were put together. The article taught me to press on because "God is my shelter and anchor in the storm".

I always look forward to reading the *Trinitarian* magazine. On the way to school a few months back, I was reading the magazine when my classmates asked me what I was looking at. When I showed it to them, their interests were stirred by the attention-grabbing titles and brilliant layout. This was the issue that featured the LIFE Charity Concert so **I took the opportunity to share about it with them and invited them to the concert!**

Last December, I read an article in the *Trinitarian* by Pastor Jeffrey on the subject of tithing. The article mentioned that in today's terms, tithing means returning 10% of all our income, including our employer's CPF contribution. My first reaction when I read that was, "Gosh...I have to tithe that too?"

By the time I finished the entire article, the Holy Spirit had convicted my heart and I was filled with peace and joy. I learnt another precious lesson that day on the principles of God's financial prosperity.

I would like to congratulate the editorial team for their beautiful works in creating such a quality magazine with articles and testimonies of God's faithfulness and love. I was truly blessed by the past issues that I have read and during one of my overseas trip this year, I even gave a copy of the previous issue to a friend who visited me at my home in Melbourne. During my most recent trip back there, my friend shared how she was greatly encouraged and impacted by the testimonies and articles in our magazine and that she had even passed it on to her daughter! So keep up the good work, it is indeed a great blessing not only to Trinitarians but even to those abroad.
